The West Valley Chapter is a local chapter providing education, information, support and advocacy for people with hearing loss. Visit our website: www.hlaawestvalleyaz.org and like us on Facebook

HLAAWestValleyAZ

The Hearing Loss Association of America is the nation's foremost membership and advocacy organization. Visit the website: www.hearingloss.org

Our speaker this month, Tabitha Parent-Buck, AuD, will share her presentation: **Ototoxic Medications, Monitoring and Protecting Your Hearing.** There are hundreds of ototoxic medications, both prescription and over-the-counter, which can damage the aridity and vestibular systems. The damage can result in hearing loss, tinnitus, and/or balance disorders.

Parent-Buck is a tenured full professor and chair of the Department of Audiology at A.T. Still University-Arizona School of Health Sciences. Dr. Parent-Buck is the founding chair of the Department of Audiology and currently serves as program director for the Doctor of Audiology program. She also provides oversight and guidance for the Post-Professional Doctor of Audiology program, AFA Balance & Hearing Institute, and Speech-Language Pathology program.

After obtaining her bachelor's and master's degrees in audiology from Purdue University, Dr. Parent-Buck received her doctor of audiology degree (AuD) from Baylor College of Medicine. She has practiced in a variety of clinical settings and worked as a sales representative and trainer in the hearing aid industry.

Pack a lunch (brown bag) and we'll eat together and share a fun time from 12:00 - 12:45 p.m. Our regular meeting and presentation starts at 1:00 p.m. The meeting ends at 2:30 p.m.

Invite a friend or family member. There is no charge for the meetings.

Our meetings are amplified and the room has an induction loop system. Captions are provided for the speakers's presentation.
